Dear XX XX XX

Re: Preparing for Life Programme

I hope you and your family are keeping well.

I am writing to you again as I see from our records that it has been a long time since we visited. Unfortunately, I have not yet heard from you since our previous letter dated XX XX XX and I assume you have changed your mind about participating in the Preparing for Life Home Visiting Programme.

We would be happy to resume where we left off. Please feel free to contact me at my number below and we can arrange a visit or discuss how best to move forward. We would be delighted to continue to work with you and your family.

However, if we don't hear back from you in the next 2 weeks, we will understand that you no longer wish to be part of the programme. In that case we will conclude the disengagement process with a final letter and an exit form.

Please remember our door is always open if things should change in the future.

Best wishes,

Home Visitor: XX XX XX
